

Travel Tips for 1-5-year-old Kids

So you are taking your little angel along with you for a lovely trip to Vietnam. You are happy but worried at the same time since traveling with little kids is never easy. But, don't you worry. With utmost care, diligence and precautions, you can take your child along with you and also have a great vacation. Following are the tips that will come handy while traveling with your little bundle of joy:

- Take lot of extra clothes and undergarments for your children. This is simply because small children need lot of clothes change in a day. But, avoid going overboard and don't stuff too many clothes which may not be even needed.
- Make sure to carry your child's basic daily necessities such as medication, creams, soap, oil, lotion, powder etc. Take baby foods such as cereal and cerelac along with you.
- Carry your baby's small blanket and pillow. Don't forget that as baby would need this stuff while sleeping.
- Carry few of your baby's favorite toys in order to keep them busy while traveling.
- Carry baby diapers, baby wipes and loads of tissue along with you.
- If you are traveling by road, make sure that to hold on to your baby very tightly. A small mistake might have an incurable consequence. Carry enough baby food and water that will last for the entire journey.
- Also, take baby bowl, spoon and water bottle in your luggage.
- In case, if you are traveling by plane, make sure that you hold your kids hand all the time. Don't leave him alone even for a second. Airports are generally extremely crowded and thus holding hand will prevent the children from getting lost. While in the plane, make sure that you hold your child tightly during landing and take-off.
- Whether you are traveling by air or by road, make sure that you carry a large purse which will have all the things that you need while traveling.
- While staying in a hotel or resort (you should book a room on hotels-in-vietnam.com in-advance online), make sure that you always keep a close eye on your child. A few blinks of your eyes might result in to your baby getting lost.
- Make sure that you change your baby's clothes at least 3-4 times in a day. This is because; babies have the tendency to get themselves dirty while playing. Before changing their clothes, give them a quick sponge in order to keep them fresh and disease free.
